

Compact Azipod® Propulsion on DP Supply Vessels

Authors: Jann Peter Strand, Alf Kåre Ådnanes and Trygve Lauvdal, ABB AS, Marine, Oslo, Norway

Abstract

ABB Marine introduces the Compact Azipod® in the offshore supply vessel market on a series of three multifunctional platform supply/ROV vessels. High efficiency, improved maneuverability and station keeping capability, reliability, and overall cost efficiency have been the key criteria for the solutions and the overall system design.
