

What Dynamic Positioning Means to Floating Storage and Shuttle Tankers and their Operations in the Gulf of Mexico

Authors: Kjell Egil Helgoy, *Navion*; Ernst Meyer, *DNV*

Abstract

Safety and operations close to production facilities;

- Dealing with GoM environmental criteria, including loop currents;
- Separate Storage Shuttling - storage vessel next to TLP/Spar/Semi - taking advantage of the capabilities of DP for GoM;
- Differences and similarities, North Sea and GoM.
